HARDING TAKES CAMPAIGN INTO ENEMY'S LAND

Senator Makes Speeches
In Tennessee On League
Of Nations.

SEE BREAK IN RANKS

Republicans Believe State
May Prove Exception
To 'Solid South'

Enroute With Senator Harding.
Chattanooga, Tenn., Oct. 13.—Senator
Warren G. Harding carried the gos-
pel of Republicanism and opposition
to the Paris League of Nations into
"enemy" territory today.

Confident that this year will see
the fulfillment of that long cherished
Republican dream—the breaking of
the solid south—Senator Harding in-
vaded Tennessee for a single speech.
The battle here, and indications are
that it will be crowded to its capac-
ity of 8,000 seats.

Not since the days of reconstruc-
tion has Tennessee given an electoral
vote to the Republican candidate for
president, but this year the G. O. P.
chieftains figure the state to be the
weak link in the Democratic south-
ern chain. They are banking heavily
on anti-league sentiment in the state,
as indicated by the fact that one of
the Democratic senators from Tennes-
see, John K. Shields, was an out-
spoken critic of the Wilson program
during the long treaty fight in the
senate.

In Chattanooga
Senator Harding's special train ar-
rived at Chattanooga at 8:15 o'clock
this morning. A reception committee
headed by Henry Clay Evans, former
counsel general to London met the
Harding party at 9 a. m., and from the
train a sight seeing trip by motor was
begun which was to occupy most of
the day.

The battlefields and historical points
about Chattanooga were to be visited
with a luncheon for the candidate
at Lookout Mountain.

An hour's public reception at the
Patten hotel will be held late this af-
ternoon at which Senator Harding
will receive and shake hands with
hundreds of Tennessee Republicans.

After the speech tonight Senator
Harding will return to his train to
spend the night. The train will lay
over in the yards all night and pull
out early tomorrow to travel leisurely
northward through Kentucky with
many rear speeches at points along
the route. A night speech will be
made at Louisville.

FORMAL OPENING OF 50TH ANNIVERSARY OF UNIVERSITY HELD

Expect 6,000 Alumni Of
Ohio State On Campus
Wednesday.

Columbus, O., Oct. 13.—Formal
opening of the golden anniversary
celebration at Ohio State University
took place today. It is expected
that 6,000 alumni will attend.

The program began with an acad-
emic procession from the library to
the gymnasium led by Dr. W. O.
Thomson, the university's president,
who delivered an address on the uni-
versity's history. Dr. John H. Finley
commissioner of education, New York,
talked on "Functions of a state uni-
versity."

Addresses by Charles F. Kettering,
Dayton; one of the trustees of O. S.
U., and Robert E. Spier, secretary of
the Presbyterian board of foreign
missions, spoke and congratulatory
messages from other universities and
colleges were read, following a lunch-
con in the home economics building.

A reception from 4:30 to 6:30 p.
will be held at the library this evening.

TOLEDO UNIVERSITY MAY DROP SPORT

Toledo, O., Oct. 13.—Toledo uni-
versity may drop football for the re-
maining part of the 1920 season un-
less more interest is taken in the
sport, according to a report here to-
day.

Gridiron practice was called
off for the remainder of the week
following a meeting held by the play-
ers. Coach Holtz work has been
greatly handicapped owing to the
fact that enough players do not turn
out for scrimmage.

INFANT SUCCUMBS TO ODD WOUND

Youngstown, O., Oct. 13.—William
18 months old son of Mr. and Mrs.
Archibald W. Armstrong, died this
morning from injuries sustained last
night when the child in playing fell
on a pair of scissors, the points of
which penetrated his neck. Due to
the nature of the wound and loss of
blood doctors could do little to save
his life.

FIRE RAZES BLOCK

LOSS AMOUNTS TO THIRTY
THOUSAND DOLLARS
IN BELLAIRE.

Bellaire, O., Oct. 13.—Fire early
today gutted the armory hall block,
owned by the Knights of Pythias
lodge, with a loss of \$30,000. Wheel-
ing and Bridgeport firemen aided in
saving the remainder of the business
district.

William McGee, driver of a Wheel-
ing fire truck, was fatally hurt while
enroute home after the first fire.
His truck hit a street car at a cross-
ing. His skull was fractured.

SOVIET FREES FIVE AMERICAN WAR PRISONERS

Citizens Of U. S. Charged
With Espionage To Be
Released.

TO DEPORT THESE MEN

Reply Made By Soviet Of-
ficial To Allegation
Of Wrong.

Moscow, Oct. 12.—by wireless to
Berlin. Oct. 13.—Five Americans de-
tained in soviet Russia on the charge
of espionage, including Albert Boni,
of New York, will be released, it
was officially announced today.

In reply to questions by the In-
ternational News Service correspond-
ent as to whether soviet Russia was
holding the Americans as hostages to
insure the safety of Russian prison-
ers in the United States, Director
Nurkova of the department of en-
terprise countries of the Russian fore-
ign office issued the following state-
ment:

"Eight American prisoners in all
were imprisoned in Moscow. One of
them, Kalamitiano by name, was
convicted of plotting of the gravest
nature. The others were charged
with espionage. Albert Boni of New
York, was among these latter. Ac-
cording to his own confession Boni
was asked by the American authori-
ties in Berlin to do political spying
in Russia which promise he was busy
fulfilling when he was arrested. However, he and four other Americans
who did not succeed in doing
actual harm are being released and
will shortly be deported now that the
armistice with Poland makes such a
step possible.

"The American government
through Mr. Nansen has demanded
the repatriation of all Americans,
even those who were convicted (in
soviet Russia) of grave offenses.
At the same time America is abso-
lutely and unreasonably refusing to
release Russians detained for much
more pardonable offenses in the
United States."

LAST MINUTE WORD FROM COX DELIVERS MAN FROM DEATH

Prisoner Gets Eleventh
Hour Reprieve at State
Penitentiary.

Columbus, O., Oct. 13.—While a
hearse was making its way toward
the penitentiary and the death march
was ready to start, Warden Thomas
a few minutes before midnight was no-
tified that Governor Cox, four min-
utes before, had telephoned another
reprieve for George Neichter, 20
Akron, who was to have been elec-
trocuted this morning.

Neichter was convicted of murder-
ing Steve Bosses, Akron restaurant
proprietor Jan. 9, last. Four other
men, it is claimed had a hand in the
murder. The reprieve expires Nov. 12.

Neichter's head had been shayed
where the death caps electrodes
would have sent the electric current
into his body, the hearse arrived at
the prison for his body, he had part-
aken of what appeared to be his last
meal on earth including two roast
ducks, and newspapermen, members
of the board of penitentiary manag-
ers had assembled for the expected elec-
trocution before Major Pealer of the
governor's office, arrived at the big
state prison, 11:41 p. m., bearing
Gov. Cox's eleventh hour reprieve.

Major Pealer said Gov. Cox phoned
him in the busy activities of the
presidential campaign, he felt he had
not investigated Neichter's case thor-
oughly enough.

FAVOR GENERAL STRIKE

London, Oct. 13.—Incomplete re-
turns from the coal fields today
strengthened the belief that the min-
ers' referendum vote will be strong-
ly against the recent tentative agree-
ment of the federation of miners
and the colliery owners and in favor
of a general strike. The Welsh
miners voted 49 to 1 against the
agreement, according to the early
returns.

WRANGEL STILL MENACES SOVIET; PEACE PROTOCOL IS NOW SIGNED

Russia Plans to Force Military Decision On Crimean Front—Large Acquisitions Given Poland by Terms Of Treaty Signed Late Tuesday.

London, Oct. 13.—The signing of the Russo-Polish peace protocol at
Riga leaves soviet Russia today with only one powerful enemy to combat
—the army of General Wrangel on the Crimean front. Advice from
Riga and Moscow indicate that the soviet will concentrate all its available
fighting forces against General Wrangel's army in an effort to win a
military decision or to force the anti-bolshevik forces in southern Russia
to make peace.

The Russo-Polish peace protocol was signed at Riga last night but the
armistice on the Russo-Polish battle front will not be effective until Oct. 18.
The peace terms give Poland large acquisitions of territory to the
north, east and south of her old boundaries. She will share in Russia's
gold reserve but will get no indemnity. Poland will secure a corridor to
the Baltic between Lithuania and soviet Russia which will make impossible
an alliance between those countries and shut Russia off from a direct com-
mercial route to the Baltic through Lithuania.

Russia and Poland agreed not to interfere with each others domestic
affairs.

With Russia and Poland at peace it is possible that the movement may
be revived for a general peace conference of Russia and the Russian bor-
der states in London. France would prove an obstacle to such a party as
she has recognized the de facto government of Gen. Wrangel which is ac-
tively at war against soviet Russia.

SCHOOL CURRICULA HAS FAILED DECLARES HEAD OF AGRICULTURAL DEPARTMENT

Dean Alfred Vivian of the Ohio State University, Ad- dresses Closing Session of State Conference Of School Superintendents at Columbus.

Columbus, O., Oct. 13.—Claiming
that the curricula of colleges and
schools has failed and that it was
framed by guesswork by educators
instead of being based upon scienti-
fic research, Dean Alfred Vivian, ag-
ricultural college, Ohio State Uni-
versity, addressed the closing session
of the state conference of city and
county school superintendents here.

"It is a shame that a democracy
should cling to a curriculum de-
signed for a period of autocracy,"
continued Dean Vivian. "It is not en-
ough to be educated. The citizen
must be educated for something."

"There are men in our educa-
tional system, I am sorry to say, who
reflect an autocratic spirit by attempt-
ing to keep higher learning from the
masses. They show it by their high
standard of entrance requirements."

Dean Vivian expressed the belief
that by "blowing away the chaff
and keeping the kernel," two com-
plete courses in the arts and agri-
cultural colleges could be combined
and these courses finished in four
years.

COAL SUITS CAUSE ROW; PROSECUTOR RESIGNS POSITION

Indianapolis, Oct. 13.—Dan W. Simms, special assistant attorney general in the cases pending against coal operators and officials of the United Mine Workers of America, indicted under the Lever act last win- ter, has resigned.

Mr. Simms declined to discuss the
case. It is understood, however, his
resignation was due to a disagreement
with the attorney general over pro-
cedure and evidence to be used in the
coal cases.

Simms received a letter from Pal-
mer a few days ago, placing certain
restrictions on evidence to be used in
the coal cases, and Simms' resigna-
tion followed closely upon the receipt
of this letter.

Simms is said to have resented the
alleged interference of Attorney
General Palmer in the case. There
have been rumors recently in Indian-
apolis that the indictment against the
coal operators and miners under the
Lever act might be dismissed, with a
possibility that the men would be re-
indicted later, but efforts to verify
this have been futile.

It was also reported that a contin-
uance might be granted when the
cases were called for trial Nov. 8,
as not all of the defendants have
yet been brought within the jurisdic-
tion of the Indiana court.

COX TO CONTINUE ATTACK ON STAND OF SEN. HARDING

Governor Expresses Con- fidence Of Result In November.

En Route With Governor Cox, La-
fayette, Ind., Oct. 13.—"We've got
them licked," Senator Tom Taggart
told Governor James Cox today as they
left here for another day's
strenuous campaigning in central
and northern Indiana. Both Cox
and Taggart are enthusiastic as a re-
sult of the reception accorded Gov-
ernor Cox.

All Democratic state leaders agree
that the party's organization in this
state is in the best condition in many
years.

The governor's program today in-
cludes speeches at Delphi, Logansport,
Peru, Wabash and Fort Wayne
with many rear platform speeches at
intermediate points.

A committee of Indiana women
has urged the governor that some
sort of symbol be adopted to indi-
cate support of the League of Nations.
They assert that the women of
Indiana are for the league, not
from partisan but from religious mo-
tives and they argue that many wo-
men ordinarily of Republican persua-
sion would be glad to display in
their windows some kind of non par-
tisan placard announcing their al-
legiance to the league. Governor Cox
has taken the suggestion under ad-
visement.

Governor Cox is determined to con-
tinue his attack upon Senator Hard-
ing for alleged vacillation with re-
spect to the League of Nations.

WARRANTS ISSUED

"NICKY" ARNSTEIN WILL BE
SERVED WITH PAPERS
WEDNESDAY.

Washington, Oct. 13.—Bench war-
rants have been issued here for the
arrest of Jules W. (Nicky) Arnstein,
alleged "master mind" in the five
million dollar bond robberies in New
York last fall and also for Isadore
Cohen, believed to be in Cleveland, O.,
and Randolph S. Newman of New
York. The warrants will be served
today or tomorrow.

Arnstein and several others were
indicted here after testimony was
offered alleging disposition of stolen
bonds in this city.

ABANDON HUNT FOR COUGHLIN BABY IN RIVER

Believe Body Was Decom- posed and Washed Away Long Ago.

SEARCH UNAVAILING

Long String of Crimes Laid
To Door Of Perpe-
trator.

Morristown, Pa., Oct. 13.—George
H. Coughlin, father of murdered
Blakeley Coughlin after a search last-
ing until late last night, announced
that the hunt for his baby son's
body would probably be abandoned as
the family and police are satisfied
that the little corpse, thrown into the
Schuylkill river by Augusto Pasquale,
"the crank" had decomposed and been
washed away forever.

Through his attorney, C. T. Lar-
seller, Mr. Coughlin said that physi-
cians at the university of Pennsylvan-
ia, had agreed that a body which had
been in the water for more than four
months could not be found because
of the quick decomposition due to ac-
tion of acids coming from the mills in
the vicinity of the spot where little
Blakeley was thrown into the stream.

All of yesterday was spent in
searching the river bottom at Ernest
station, more than a mile from the
Current Terrace, home of the Cough-
lins. The diver crawled on his hands
and knees over the bottom of the
stream and found only a section of
the iron rail and a string, which
Pasquale sitting calmly on the bank
of the river identified as the weight
used to hold the child's body under
the water.

Pasquale's confession to the state
police unfolded a long string of
crimes. He told how he had arrived
in Morristown a week before the kid-
naping for the purpose of robbing
telephone pay stations. On his way
back to Philadelphia, he passed the
Coughlin summer home just as the
family was returning from Norristown.
He saw the baby being tucked
into bed by Mrs. Coughlin and he
carefully surveyed the surroundings
with a view to kidnaping at a later
date.

FARMER CONFESSES TO BURYING ALIVE TWO LITTLE GIRLS

Inability To Support Fam- ily Given As Reason For Act.

Lansing, Mich., Oct. 13.—Earl
Roop, farmer, who confessed yester-
day that he had taken his two little
daughters, Dorothy and Bernice, aged
3 and 2 years respectively, and bur-
ied them alive in the mud and slime
of Red Cedar river, will be given a
preliminary hearing Friday morning
on a charge of first degree murder.
He stood mute when arraigned and a
plea of not guilty was entered by the
court. The corner decided no in-
quest is necessary.

In the meantime Roop, his clothes
still bedraggled and spattered with
the mud of his children's grave, sits
in jail here, apparently unconcerned
and unrepentant.

"It was going to be a hard winter
and the girls were an expense," he
insists that both are more happy now.

STEADY TONE AT MARKET OPENING

New York, Oct. 13.—The stock
market showed a steady tone in the
early dealings today, chiefly consist-
ing of the operations of the room
traders. Some of them again turned
their attention to Reading, putting
it up 1 point to 99 while others were
disposed to sell the steel stocks. Steel
Common yielded 3-8 to 86 5-8 and
Baldwin Locomotive dropped 5-8 to
111 3-8.

Foreign selling of Royal Dutch
continued and that stock declined
3-4 to 75 3-8. Anaconda yielded 1-4
to 51 and then advanced to 51 3-4.

SELL THAT OLD STOVE.
Turn into cash that old stove that
has been sitting around in the road
for some time. Now is the opportu-
nity to dispose of it and a classified ad
in the Gazette will bring in the desired
results.

JAPANESE WAR MACHINE SPEEDED UP WITH PURCHASE OF MUNITIONS

HAD "PROTECTION"

TOLEDO CRIME PLACES BAD
"POLICE PROTECTION"
ALLEGED.

Toledo, O., Oct. 13.—Evidence de-
veloped at the hearing of Detective
Inspector Delehanty today disclosed
what is expected to prove a system
by which "police protection" is
furnished keepers of disorderly
houses and gambling resorts. De-
lehanty testified that on several oc-
casions he had been ordered to
transfer detectives to the "woods"
who had raided places which, the
chief said, were good friends of the
administration. Testimony was also
offered to show that Chris Wall,
former safety director, had leased
property on which alleged resorts
were conducted.

SECRET CONTRACTS FOR WAR SUPPLIES CAUSE SPECULATION

Nation Becomes Heavy Buyer Of Munitions for War Purposes.

NO REASON GIVEN

Possibility Of Break With
U. S. Now Only Cause
In View.

London, Oct. 13.—Japan alone of
all the great countries of the world
is a heavy buyer of munitions and
other war supplies. This revelation
was made to the International
News Service from reliable sources.
Japan's procedure is said to in-
volve secret contracts and wide-
spread inquiries for war materials
by Japanese secret agents. Japanese
agents are reported to be fully as ac-
tive as they were in the days just
preceding the Russo-Japanese war.
The activities of Japan are subjects
of much speculation in a small circle
where the facts are known, since
Japan is faced with no danger on
her own hemisphere greater than
prestrate China. The Japanese dis-
pute with America over immigration
is the only visible reason for speeding
up the Japanese war machine.

According to information secured
here Japanese agents are making
every effort to obtain guns, big and
little and ammunition.

Want Models.
The Japanese are apparently eager
to secure a single gun of each of the
most effective type of heavy artill-
ery used in the world war. These
are shipped homeward for models so
that similar guns can be produced
in the Japanese armament works.
Japan is not equipped for the re-
production of airplanes, but have
placed large orders for aircrafts
with several firms in England and
smaller orders for seaplanes. The
volume of these orders is sufficient
to keep several plants operating
which otherwise would have been
compelled to close down for lack of
business.

It is learned that where a decade
ago Japan placed her navy orders
in England, her more recent policy
has been to order a single ship with
all the latest fighting appliances
which could be used as a model in the
great Japanese shipyards at Kobe
and elsewhere.

The extent of Japan's naval growth
from this source is unknown; nor is
it known exactly what the Japanese
agents on the continent have achieved,
though it is learned that they are
active in France and are said even
to be seeking the latest war inven-
tion of Germany. It is difficult to
understand how German materials
could be removed without conflicting
with the peace treaty, even if Japan
should buy them, but it is possible
that the Japanese are getting only
models.

OFFICIALS ON TRACK OF BIG LIQUOR RING PROMISE EXPOSURE

Allege Two Members Of U. S. Congress are Implicated.

Chicago, Oct. 13.—H. A. Sad-
ler, former New York stock broker
and principal government wit-
ness in the federal case against
\$3,000,000 whisky ring involving
Chicago public officials in a maze
of allegations of bribery and in-
trigue, appeared at the federal
building today asking to be placed
under arrest and told of threats
against his life.

Sadler was visibly shaken when
he gave himself up and demanded
protection from federal authori-
ties.

Chicago, Oct. 13.—Federal authori-
ties today are following trials of
evidence that they believe will lead
them to the leaders of a gigantic
liquor ring that already has consum-
mated, it is alleged deals in contra-
band booze aggregating approxi-
mately \$3,000,000. Men high in pub-
lic life are said to be involved, re-
ports current today declaring that
two members of the United States
congress are implicated.

It is alleged that bribes aggregat-
ing more than \$200,000 have been
paid public officials in Chicago within
the last few weeks. Persons connec-
ted with the internal revenue and pro-
hibition departments are alleged to
have received sums ranging from \$5-
000 to \$50,000.

U. S. District Attorney Clyne de-
clared today that the evidence pre-
sented to the grand jury will disclose
a scandal that will "shake" Chicago.

Existence of the alleged ring was
disclosed through the confession of H.
A. Sadler, a former New York
stockbroker, who is said to have been
one of the ring's agents in the dis-
posal of the liquor. Sadler's confes-
sion is said to have involved John
J. McLaughlin, former member of
the Illinois legislature and ten oth-
ers among them O. H. Wathen, owner
of the Grand Old Distillery at
Louisville, Ky., and of the Louisville
American Association baseball club.
McLaughlin, it is charged, was paid
a bribe of \$30,000 in a transaction
involving \$125,000 worth of contra-
band liquor.

SEVEN HURT IN CRASH

SENATOR HARDING MAKES UNEXPECTED VISIT TO XENIA

A crowd of about 150 people greeted Senator Warren G. Harding, Republican candidate for president, and Mrs. Harding when the train bearing them to Chattanooga, Tenn., stopped in this city at 6:30 o'clock Tuesday evening.

People informed of the itinerary of the candidate's party were at the depot to greet the candidate, who with Mrs. Harding came out on the platform of his coach and shook hands with everyone who wished to greet him personally.

Senator Harding spoke for about five minutes from the platform of the car before his train pulled out touching briefly on campaign issues. It was his first appearance in this city since the campaign began and the crowd would probably have been much larger had local people been in formed of the candidates coming.

Efforts to verify a rumor that the President would pass through here Tuesday evening were unavailing although attempts to locate the party were made through Republican headquarters and the International News Service bureau at Columbus.

TWENTY FIVE SALES OF STOCK IN COUNTY HELD THIS YEAR

More than twenty-five sales of pure bred stock are being held in Greene county this year, probably more than are being held in any other county in Ohio, according to County Agent Ford S. Prince.

During the next six weeks the following breeders of Big Type Poles and China hogs will be held:

J. H. Lackey, Jamestown, Friday, October 16; E. H. Smith, James town, Tuesday, October 19; A. Sutton, Jamestown, October 21, in the sale barn of E. H. Smith; N. A. Kitch and Sons, Jamestown, October 26 in the evening; J. P. Fudge and Son, Xenia, November 1; E. E. Finney, Cedarville, November 5.

ASKS WHEREABOUTS OF THOMAS RAGAN

Mrs. M. J. Brown of Los Angeles, Calif., general delivery, is requesting information concerning the whereabouts of Thomas Ragan, supposed to be a railroad engineer of this state. According to Mrs. Browne, Mrs. Mary Walker before marriage Mar. Ragan, and a sister of Thomas Ragan, recently died in Los Angeles, leaving an estate valued at from \$5,000 to \$6,000 consisting of property in Bisbee, Arizona. Relatives here interested can learn particulars by writing the Probate Agency, San Francisco, who have been notified of case No. 47,543.

MARKETS CLOSED.

New York, Oct. 12.—All local markets were closed here today because of the Columbus Day holiday.

STOP ITCHING ECZEMA Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. In skin troubles, ordinary soaps are irritating and liable to aggravate the condition. Use Zemo soap. It is antiseptic, soothing, and hastens the process of healing.

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it."—LILLIAN THARP, 824 S. 6th St., Carrollton, Ky.

BEAUTY CHATS

A NOTE OF COLOR

Someone asked me once which was more important in a woman's dress—line or color.

Frankly, I don't know. Sometimes one seems more important than the other sometimes they seem equally so. In the case of a stout woman with a very bad figure, line is all-important. In the case of a rather nondescript personality, color means everything.

The best thing to do is to find out which is your color and use that as the keynote of all your costumes. If you are a brunette, brown will be your color; but there will be others that will bring out the brown and be in keeping with your personality and your costumes—yellow or orange, for instance, and all the varied shadings of these colors. In such a case you would have always a note of brown—of yellow or orange in everything you wear.

If you are a blonde, your first becoming color will be blue, then gray and pink. So you have three colors to wear separately or to combine to be included somehow in everything you wear. You may have on a white waist and skirt—but the blue or which ever shade you have chosen should be introduced in some way. It might be a string of beads, or a tie or the edging of collar and cuffs, but it should be there—particularly if you are a blonde and are wearing all white for few blondes are striking enough in themselves to dare the

Bunions.—It is barely possible that you can cure these deformities yourself but a skilled chiropodist can help you with it, so that you will never regret the money expended. At 24 years of age, it seems hopeful but bunions that have existed for many years will remain with the patient to the end of his life. However they can be relieved of pain, and kept from increasing in size by the proper care.

To do this, a ring of thick felt should be cut so the bunion will fit into the hole and the felt will come around the joint so as to protect it from the pressure of the shoe. This will not make the foot look any larger on the contrary it will shape it up so the deformity will be less noticeable.

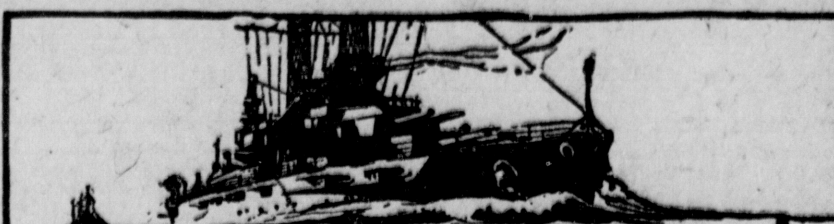

If the bunion is painful at times, paint it with a lotion made from two drachms of glycerine, two drachms of carbolic and two drachms of iodine. This can be applied twice a day until the swelling goes down. Severe pain can be relieved very quickly by poulticing with hot ground flaxseed or slippery elm.

MISSIONARY SOCIETY HAS THANK OFFERING MEET

The presentation of eight life memberships and a play illustrating mission work, were features of the annual thank offering meeting which was held by the Women's Home and Foreign Missionary Society of the Second United Presbyterian church Tuesday afternoon in the church parlors.

The thank offering amounted to \$418. It was collected by white gowned girls who presented flower trimmed baskets for the reception of the offerings.

Mrs. J. P. White of Cedarville read an entertaining paper on Egypt and Egyptian life, following the devotional exercises and business session, which preceded the play.

Mrs. C. P. Prouditt, wife of the pastor had charge of the program and directed the cast in the play, "Fired of Missions." The play in opening depicted a girls' missionary society which was dying through lack of interest by the members. It then took the audience through mission fields of the church in foreign lands, showing a school in China, and a hospital in Egypt, and missions in Japan, the Punjab and the mountainous district of Tennessee.

The cast was composed of the Misses Margaret Webster, Myrtle Bickett, Marjorie Douthett, Martha Bryson, Marion Kyle, Margaret Moorehead, Mrs. Weir Coper, Mrs. David Kyle, Chas. Prouditt, Jr., Miss Mary Anderson, Miss Margaret Cooper, Mrs. James I. Patterson, Miss Maud McClellan, Mrs. J. W. Ballantyne, Miss Margaret Harper, Mrs. Joseph Kyle, Mrs. Richard McClellan.

Those received as life members of the missionary society were Mrs. John A. Cooper, Mrs. S. C. Anderson, Mrs. J. Webster, Mrs. R. E. Bryson, Mrs. Elizabeth Collins, Mrs. J. C. Williamson, Mrs. Ed. S. Foust, Miss Maud McClellan.

Over 100 women attended the meeting and after the program, sandwiches and coffee were served to them. The parlors of the church were elaborately decorated with cosmos, dahlias and ferns.

LAL BASH SOCIETY GREETED NEW MEMBERS

A reception to its new members was given by the Lal Bash Missionary Society of Trinity church at the meeting Monday night at Trinity parlors. Twenty officers were also elected and the program consisted of the reading of a letter from Miss Grace McClurg, a Methodist missionary in India; recitations by Mrs. Carl Owens

and a song by Miss Henrietta Logan. The new officers elected were: Mrs. W. B. Chew, president; Mrs. V. E. Brown, vice president; Mrs. Charles Snyder, secretary, and Mrs. Lester Buell, treasurer.

TEACHER-PARENT ASSOCIATION WILL MEET IN DAYTON

An interesting program is prepared for the session of the Ohio-Teacher-Parent Association, to be held in Dayton Thursday, Friday and Saturday, Oct. 15, 16 and 17. The headquarters of the association will be at the Miami Hotel and the program arranged for the meetings is as follows:

Thursday morning at 9:30 will be the registering of delegates on the mezzanine floor of the Miami. Thursday afternoon at 2 o'clock the orchestra of the Jefferson school and later the Kindergarten will have a musical program. Following this there will be addresses by Miss Lucia Johnson, Mrs. W. E. Sawyer and Mrs. A. A. Hauck. Tea will follow the addresses, served by the Jefferson School Parents Association. Thursday evening there will be addresses at the N. C. R. Welfare Hall by Mayor J. M. Switzer, F. W. Miller, the superintendent of the Dayton schools, Mrs. A. J. Barnett, Mrs. Dora Bachman and Judge Baggett. A short program by the N. C. R. schools will be the feature of Friday morning. An address will be given at this time by Miss Anna E. Moore, doctor of Public Health, of Warren.

Special interest is shown in the announcement that an opportunity is offered to those who attend the session to hear two speakers of special ability, President Burton of the University of Michigan, and Dr. George Carruthers, assistant superintendent of the Chicago Public Schools. Superintendent Waltz urges every teacher, parent and individual interested in public education to attend.

SERVICES AT CATHOLIC CHURCH FINISHED

Impressive and beautiful services brought to a close the service of Forty Hours Devotion at St. Brigid's. A large number of visiting clergy men assisted in the service, and took part in the solemn procession with the Blessed Sacrament. Children dressed in white added beauty to the procession. The church was crowded for the service which marked the close of three days of special prayer and devotion.

The pastor the Rev. Albert Burke was assisted by the Rev. Father McNamara, of London, who was celebrant of the solemn Benediction. Father Charles Eitel and Father Martin Varley of Winton Place, Cincinnati, and the following other clergymen, the Revs. Joseph Hyland, of Eaton, James Kelly of Clifton, Cincinnati; William Case of South Charleston; William O'Connor of Jamestown; Edward Deffenbrock of Yellow Springs; John Malone of Hillsboro; James Ward of Dayton, Father Wade of Dayton; Fisher McGlinchey of West Jefferson, and Thomas Fogarty of Washington C. H.

CHARGES ARE FILED AGAINST MAN

Affidavits were filed in Police Court Wednesday morning charging disorderly conduct against Curt Hale, colored taxi driver.

It is alleged in the affidavits that Hale was guilty of disorderly conduct in treatment of his sister, Mrs. Mattie Washington wife of Ernest Washington, and a domestic at the Atlas Hotel. The affidavit is based on a quarrel between Hale and Mrs. Washington in front of the Atlas Hotel at six o'clock Tuesday evening.

The case will come up for hearing in Police Court Thursday morning at eight o'clock.

RECEIVES QUERIES ON SCHOOL TESTS

Superintendent C. A. Waltz, of the Xenia city schools has received a number of letters from high schools, colleges and universities all over the country regarding his Reports of Results of Standardized Tests, mention of which was made in a recent issue of the Educational Journal.

Many of the educators over the country are writing for copies of the tract which created a favorable impression in educational circles. The wide publicity given the tests and reports is proven from the letters received from various parts of the country in regard to it.

HOLD CONVENTION OF W. R. C. THURSDAY

The Sixth District Convention of the Women's Relief Corps, will be held in this city Thursday, with members of Lewis Corps No. 29, as hostesses.

Mrs. Richter of Cincinnati department president and her "I and I" officers will be guests of honor at the convention, and during their stay will be entertained by Mrs. J. P. Elton of the O. S. and S. O. Home. A large number of visitors and delegates from surrounding towns will be present. Mrs. Anna Poland of Xenia is the district president. During the school of instruction, which will be part of the program, the rhythmic work will be exemplified by the local corps.

ELEVENTH BULLETIN ISSUED ON VOTE

Senator Warren Gamaliel Harding Republican candidate for president is given a total of 425,007 popular votes as compared with 277,621 polled by his Democratic opponent, James M. Cox, according to the eleventh bulletin issued by the Rexall company of its straw vote.

The bulletin in the Sayre & Hemphill window today, shows that a grand total of 702,628 popular votes have been cast altogether, the Republican candidate polling the large majority of them. The summary shows that 529,218 men have voted so far, casting 316,525 votes for Harding and 212,693 for Cox. Women to the number of 173,410 have cast straw ballots 108,482 voting for Harding and 64,928 for Cox.

The combined electoral vote gives Harding 345 and Cox 186, while 266 are required to elect. In Ohio 24,918 men voted for Harding and 12,634 for Cox while in this state 9,673 women voted for Harding and 4,223 for Governor Cox.

CITY MANAGER IS INVITED TO ATTEND STATE CONFERENCE

City Manager Kenyon Riddle has been invited by Governor James M. Cox, through his executive clerk, W. S. Peaslee, to attend a conference of authorities interested in work houses, to be held in the office of the Governor at two o'clock Monday afternoon, October 18.

The conference will be held during the American Prison Congress, which will be held in Columbus, October 14 to 19. It has come to the attention of the Governor that there is a disposition over the state to use the county jails as places of commitment after conviction, without any means of employment and that question with the capacity of work house buildings and the unequal distribution of service for all counties, will be taken up at the discussion.

The discussion is expected to result in a legislative plan regarding work houses for presentation at the next General Assembly.

LAD SUSTAINS FRACTURED LEG

Bobbie Lewis, aged 9, West Second Street, sustained a fractured left leg when he was run over by an automobile driven by Ed. Hunt, on West street, near St. Brigid's Church at 12:30 Wednesday afternoon. Bobbie was on his way to school at the McKinley building, and not seeing the machine, he ran directly in front of it. Bystanders exonerated Mr. Hunt of blame. The lad was taken to the office of Drs. W. H. and R. Kent Finley, where the fracture was set.

WOMEN MEET AT COLUMBUS

A meeting of the County Democratic women of the State of Ohio was held at the Hotel Degler, Columbus Tuesday afternoon. After the meeting a reception was tendered the women by Mrs. James Cox at the Governor's mansion. Mrs. Charles Gretsinger, Greene county chairman attended the meeting.

LARGE GOITRE

Removed by H. M. Dudley by External Home Remedy.

Note: It would be illegal to publish these statements if they were not true.

Mr. H. M. Dudley, 424, South Kenton St. Urbana, Ohio, says in his own home paper, the Urbana Citizen: Sorbol Quadruple removed a large goitre for me ten months ago. It was so large that I could not wear a collar. It hurt me so badly I could hardly sleep. It would choke and smother me. Two bottles of Sorbol Quadruple completely removed it. I can now breathe freely and sleep well. I am willing to tell my experience even by letter.

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in a healthful normal condition. Requires ten minutes daily.

VOCATIONAL CLASSES WILL BE ENLARGED THIS YEAR AT SCHOOL

Evening vocational classes, which will begin at Central High School, January 3, will be greatly extended over the night school held there last year, according to plans perfected by Superintendent of Schools C. A. Waltz.

The school will begin this year January 3, and will end April 27. Last year, commercial branches alone were taught in the night school. High school teachers will act as the faculty for the vocational classes.

This year the school offers commercial classes including stenography, typewriting, business English, business arithmetic, commercial law, and other branches of the work. There will also be mechanical drawings, including blue print reading, but no wood working will be offered.

Included in the home making courses will be the preparation of foods, including cooking, plain, desserts, pastry and invalid serving; dietetics, chemistry of foods and meal planning.

In the sewing courses will be offered plain sewing, garment making, dress making, draping, costume designing, machine operation, repair-

ing and millinery. Under the head of sanitation will be offered cleaning and dyeing fabrics, laundering and household sanitation. Under the head of budgets, will come household accounts, analysis of expenditures, savings, investments and insurance.

Another course to be offered will be nursing, including the care of infants, first aid, invalid and old age nursing.

The classes will be held on Monday and Thursday evenings of each week, with the hours from 7:30 to 9:30 o'clock with a ten minutes recess from 8:25 to 8:35. The registration will be held Monday evening, January 3 and Tuesday evening, January 4, 1921 and the actual work begins January 5. The registration will be held at the office of the high school principal on the first floor.

No classes will be organized with less than six students unless the teacher so desires. The teacher will be in the lesson promptly every night. Registration cards will be furnished by the Board of Education. These cards will have two detachable portions one to serve as the students receipt and the other to be given to the superintendent, the large card being retained in the principal's office.

It is expected that the enlarged courses being offered this year will be an added attraction to people from this city who attend to take up the night schooling this winter.

FOLLOWED ADVICE OF ANOTHER LADY

She had an operation four years ago and had never been exactly right since. Convinced Drego would help her from what that lady said about it.

"I do not care much about having my name in the papers, but if a prominent lady I read of had not published her experience, I would not have known about Drego, so that is why I am giving my experience here, hoping it will aid some other suffering woman," said Mrs. D. C. Schenk, of 717 Eighth St., Marietta, O.

"Four years ago I had a major operation, and my health has never been just right since. I couldn't regain my strength; constipation annoyed me constantly. I was quite nervous, had frequent headaches, backache, and my limbs pained me. I didn't have much appetite and my stomach seemed weak and unable to properly digest my food.

"It is impossible to say just how much Drego has helped me, but it is enough to say that I feel better in every way. Drego has benefited me very much, and I hope these words will help some other sick woman to try this grand medicine."

Drego is a splendid tonic to rebuild rundown weakened systems. It's tonic effect is soon felt on the vital organs. The bowels become regular; the liver active; the digestion improves; weak kidneys are strengthened; the appetite increases and sleep becomes sound and refreshing.

All druggists now sell Drego and it is being especially introduced in Xenia at Soln's Drug Store.

GETTING MONEY IN THE NORTH TO SPEND IN THE SOUTH.

Who pays? "Not I," said the Cavalier; "with my political spear, I shielded my own profiteer when the collector drew near; not I paid the tax."

The South was in the saddle, booted and spurred to ride over the North with the tax charges, and make the North pay three-fourths of the cost of the war. The South took over the training camps, sold most of the land to the Government, diverted transportation to Southern ports and improved Southern harbors to accommodate this increased transportation, and saw that cotton was again king. And the South did this by making the North pay the taxes to secure the revenues to be expended in the South.

From March 4, 1913, to May 19, 1919, when the Republican Sixty-sixth Congress met the South was in complete control of the Federal Government. The President was a native of Virginia, six members of his cabinet were Southern men by residence or birth, and Southern men controlled both Senate and House of Representatives.

Representative Kitchen of North Carolina, chairman of the Committee on Ways and Means, assured the Democratic caucus in 1918, that the tax bill reported from that committee would assess the taxes on the country north of the old Mason and Dixon line.

The biggest tax collection ever made in the United States has been finished for the fiscal year ending June 30, 1920, and notwithstanding the war was over six months before this fiscal year began, the tax collections were nearly two billion dollars greater than for the year 1919, or \$5,410,284,874.90.

The North and West that did not make the tax bill, paid nine-tenths of the tax, and the South that did make the bill, paid one-tenth of the tax. The South has 146 and needs only 107 more electoral votes to make 243 necessary to a choice—the whole number being 483—needs only 107 electoral votes from the North—to elect another President and Democratic Congress—needs only 107 to add to the votes of that section that did not pay the tax, and the Democrats are asking some of the States most heavily taxed by the South to help out in that good work of making permanent this system of getting money from the North to spend in the South.

Ohio paid a per capita tax of \$75 or nearly four times that of the South, but the South politely requests Ohio to continue to pay the tax for the South in exchange for Southern electoral votes for Governor Cox—on condition of course that the Governor shall take orders from the South when there is a revision of the tax laws.

The Democratic Secretary of War located military camps in the South to give the Northern soldiers the benefit of a "salubrious climate" in the summer of 1917. He spent tens of millions to build nitrate plants in the South—to make powder without getting a supply of powder—and the Southern Democrats are now asking Congress for \$100,000,000 more for the production of fertilizer for Southern cotton plantations. He spent other millions to build military roads in the South and leave them as a free gift to the Southern States, thus saving them from local as well as federal taxation. The Southern Secretary of the Navy spent tens of millions to improve certain Southern harbors for naval emergency, without ever shipping troops, munitions, or supplies from those parts.

The war and the Democratic conduct of that war with the Democratic tax legislation, have together restored the South and made it the most prosperous part of the Union, and at the expense of the North which paid the taxes.

One great issue in this campaign is the continuance of this unequal taxation. For this unequal taxation will be continued if another Democratic President and a Democratic Congress be elected in November. The Hon. James M. Cox if elected as the next President would cease at once to represent the taxpayers of Ohio and would represent the South.

Sometimes, our hopes of the establishment of commercial relations, between Soviet Russia and the Allies, suffer, by virtue of the apparent inability of the nations to effect a lasting peace between Russia and Poland, but we are cheered by the thought, that sooner or later the serious business of obtaining the necessities of living will be forced upon the warring nations.

After the exhibition of the Cleveland pitcher, Coveleskie, a Pole, during the worlds series baseball games, we would be inclined to favor the Poles, if a baseball game should ever be chosen to settle the dispute between the nations.

The Brooklyn Dodgers were not clever enough to dodge a scalping at the hands of the Cleveland Indians.

SEARCHLIGHT CLUB HAS INDIAN PROGRAM

The feast of Mondamin as Longfellow gave it in Hiawatha, furnished the topic for the interesting and unusual program which was given at the Searchlight Club of the O. S. & S. O. home.

Mrs. Ida C. Warrick was hostess to the Club at Cottage 13, which was decked in Indian fashion. The rear porch was fitted up as an Indian wigwam, and before its open flap, in a huge iron kettle, bubbled savory succotash. A feast of roast pork, potatoes, baked apples, corn bread and cream pie was displayed, and the guests each bearing a tin vessel filled up and each received her portion.

Mrs. Warrick took the part of the "Mondamin" and, as applied as squaws were Mrs. J. P. Elton, Miss Katherine Smith and Miss Harriet Tedrick. After the feast of Mondamin had been eaten, the guests were invited into the cottage, which was turned up as a "round chamber," and lectures from "The Famine," were given by the club members, and other portions of Hiawatha were featured in the program. Mrs. J. P. Elton as a fortune teller, proved an adept in knowledge of the past, present and futures of the club women. Corn candy and popcorn balls were served by the hostess.

GUILD HOLDS FIRST AUTUMN MEET.

The first meeting for the season of the Westminster Guild of the Presbyterian Church was held at the home of Mrs. Charles L. Jobe, Tuesday afternoon. Mrs. Homer Corry of Springfield, and Mrs. Karl Bloom were the hostesses. Mrs. Frank Dodds gave an interesting talk on her experiences while in China. A short business meeting was held, and delicious refreshments were served to the guests.

Rev. J. G. C. Webster arrived here Wednesday from Philadelphia and has been spending a few days and a pleasant visit with Dr. Carson.

The timber of the big watertank to be erected near the Panhandle depot arrived today and the work of putting the big tub together was begun.

One of the merriest features of the Republican "walk-around" yesterday was a straw wagon containing forty-two children, who played hooky from school and were driven around on the trip by young David Kyle of near the city.

PERIL.

I fear to cross the village street, where all the autos wind and mix, for I am shaky on my feet, and can't do acrobatic tricks. I tried this morning, just for luck, to dodge across to Johnson's store, and I got tangled with a truck, and broke three ribs, or maybe more. By modern ways I'm badly bored; I cannot ramble near or far, but some one climbs me with a Ford, or spoils my person with a car. In olden times when horses drew the vehicles in which men rode, a man could walk a verst or two, and have no scalp wounds to be sewed. Then one could cross the public way, according to his sane desires, and not be squashed beneath a dray, or wound around some rubber tires. You laugh to scorn the old time ways, the horses and their sluggish game, but trade went on in those brave days, and people got there just the same. And sports found just as much delight in driving Dexter or Maud S., as speeders in their autos bright, who fill the country with distress. I'd like to cross the village street, to have a haircut and shampoo, but I'm no longer blithe and fleet, I can't outjump a kangaroo.

CARPENTIER'S VICTORY OVER LEVINSKY TO PRESAGE BIG BOUT

New York, Oct. 13.—Georges Carpentier's victory over Battling Levinsky entitles him to a match with Jack Dempsey for the world's heavy-weight championship, but it also gave proof that the French champion will get the drubbing of his life when he faces the American heavy, in the opinion of ringsiders who last night witnessed the sorry defeat of Levinsky when he was knocked out in the fourth round of a scheduled 12 round encounter. Levinsky was not the Levinsky of old. The stingy left jab with which he has held many fighters at bay was useless against Carpentier because it was not used. Carpentier hit Levinsky practically at will.

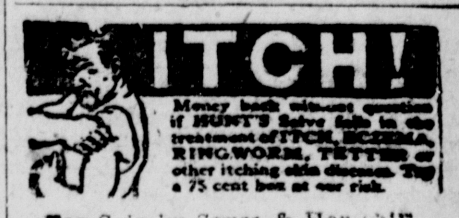

Levinsky was fat and slow and appeared overly cautious when he first faced his foe. One smash on the chin in the second round apparently took what fight he had right out of him, and from then on it was only a question of time until the Frenchman would bring him down. The Frenchman can punch. There

is no doubt of that but his vaunted boxing skill was not in evidence against Levinsky.

Carpentier's weight was reported from the ring as 170½, but he looked bigger. If he is matched with Dempsey he probably will enter the ring weighing about 180 pounds, as against about 185 for the world champion. The International Sporting Club is known to be bidding for the Dempsey-Carpentier match and is planning to stage it in a huge armory in Bronx county. Tex Rickard also probably will make a bid.

GOOD FOR HIM AND HIS WIFE

Hurley L. Watkins, 2308 Lytle St., Louisville, Ky., writes: "I found Foley's Honey and Tar just what I wanted for my wife's and my colds." This famous old cough medicine is just as good for children as for adults. It checks coughs, colds, croup, bronchial coughs, and stops that "tickling" throat that keeps one coughing at night. It contains no opiates nor habit-forming drugs. Prompt and sure in action. Sayre & Hemphill.

"WHISPERS"

CENTRAL HIGH WILL MEET TROY FRIDAY

According to an agreement made with school authorities at Troy High School by Central High School athletic officials, the game to be played with Troy this week will be staged here Friday afternoon, instead of Saturday, as originally scheduled.

It was requested by the Troy authorities that the game be played on Friday instead of Saturday afternoon, and such an agreement was readily complied with. Under those arrangements the contest will be started here at 2:30 o'clock on the new gridiron in the Dadds addition, the site of the new high school building.

It has been a real drilling that Coach Ward Young has been giving his charges during the past week. Getting defeated by Wilmington has been more than a sore spot with the locals for on top of the ignominy of defeat they have had to face unusually grueling practices all week in preparation for the Troy game.

There will be opportunity for revenge with Wilmington when that team plays here November 13, but the locals get only one crack this season at the Trojan aggregation. Last year, the local outfit lost a disappointing game by a mere fluke in Troy, and this year they are planning to amend that defeat by reversing the tables on the Miami county gridlers.

The game is looked forward to on the schedule as one of the most interesting combats arranged for the season.

CLIFTON

Mr. I. W. Broom purchased the Edward Russell place and expects to move there next week. He will sell his home on North Street.

To those of delicate constitution, young or old,
Scott's Emulsion
is nourishment and tonic that builds up the whole body.

THE VERY BEST TIME to take Doctor Pierce's Golden Medical Discovery is *now*, if you feel that your blood is out of order. Don't wait until you have to cure disease; it's easier and better to prevent it.

With the first blotches or eruption, or the dullness, weariness and depression that are some of the symptoms, you need this tonic. It will rouse organs into healthy action, thoroughly cleanse and repair your system, and build up needed flesh, health, and strength. Druggists sell "Discovery" in tablets or liquid.

Cuts, Burns

Hamilin's Wizard Oil a Safe First Aid Treatment

How often lockjaw, blood poisoning, the loss of an arm or leg, or sometimes even life itself, results from the neglect of a burn or little cut! Hamilin's Wizard Oil is a safe and effective first aid treatment. It is a powerful antiseptic and promptly applied to wounds of this kind will lessen the danger of blood poisoning. Keep it handy.

Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. It is soothing and healing and quickly drives out pain and inflammation in cases of sprains, bruises, cuts, burns, ulcers and stings. Just as reliable too for stiff neck, sore feet, cold sores, canker sores, earache and toothache.

Generous also bottle 35c.

If you are troubled with constipation or sick headache try Hamilin's Wizard Liver Whisk. Just the same little pink medicine for the same.

DOUBLE SHIFT PLAN OF SCHOOLS FINDS FAVOR IN STATE

That the local double-shift plan of school hours with attendance hours from seven a. m. until four in the afternoon, has found favor in the state of Ohio is the statement of Superintendent of Schools C. A. Waltz, who returned Tuesday, from the recent Conference of School Superintendents held at Columbus.

Investigation shows that the plan has caused no falling off of enthusiasm, at tendance or scholarship with the pupils in the schools where it has been introduced. In Fremont county the plan has proved popular, and in Logan county the double-shift idea will remain.

It is the opinion of Superintendent Waltz that the plan will, in a short time, come into effect over the nation. The hours are so arranged, that they are of benefit to both the city and country student—the former being given the opportunity of making money in his spare time and for the farmer boy or girl to help in the work about the farm.

Mr. Waltz says that the present schedule will undoubtedly be installed

during the following year. In connection with the schedule, it has been found, that since the course given in wood-working to the High School, has been lacking the best results, the course will be discontinued in the schools of Cleveland. Professor Waltz quotes Superintendent Jones of the Cleveland Ohio Public Schools on the subject: "The course will be discontinued for three reasons, first, the pupils lack proper interest; second, after the course is completed, the boys very seldom follow the trade, and third, it has proved to be of no financial benefit to the schools." It is thought that in place of the wood-working course, a course in printing will be substituted.

Rubber Hot Water Bags Should Last For Years

You will find that in some homes a hot water bag or bottle lasts for years. In others, they are useless after a few months. Rubber is a tough substance which will wear for years, even under severe conditions. There is really no wear, strain or friction put on a hot water bag or bottle, and it should last a long time. Here is the reason the average hot water bag does not last longer; because, first, people are not careful where they buy; second, they buy hot water bags on low price instead of quality. The real rubber, flawless and properly cured is not found in low priced rubber goods.

At this store, the Rubber Goods we feature are of a quality that gives the maximum long life, and we have built such a big business on quality rubber goods that we are able to deliver quality at a minimum price too.

NEW TRACK RECORD SET IN OPENING DAY AT RACES

Breaking the track record in the second heat, George Volo (2:04 1-4) the roan gelding by Nervole, driven by Cross, won the free-for-all race, the feature event of the opening day's card of the fall race meeting being held at the county fair track by the Xenia Trotting Association, Tuesday.

The pacer, owned by William Cross, of South Charleston, and considered one of the best pacers in this section, stepped the second mile in 2:07 1-4, the track record previous to that time being 2:09 1-4. Volo won by taking the first two heats, all the races being run on the three-heat plan. Baroness Edgewood taking the third heat, with George Volo second. The purse was \$600.

Prince A. was winner of third money Aquilla Dillon fourth money and Barion Chan, fifth money. In the 2:19 trot, Mary J. trotted three good miles and captured the money in straight heats, Nina Make was second, Al Fodbes third, Todd Brook fourth, Don E. fifth and Harry D. sixth. The best time was 2:18 1-4. In 2:17 pace Harmony Bell also took the money in straight heats. Hallie Cochate, owned by Ray Hagler of Xenia and driven by Joe Hagler, this city, was second in the money. Allen Pointer was third, Peter Wilton, the pacer owned by Lew Paulin, Jamestown, and driven by Chny Jones, of Cedarville, fourth, Dr. Todd, fifth and Gamie G. sixth.

A good opening day crowd witnessed the races which presented many lively skirmishes for position for the interest of the speed bugs. Frank L. ohnson of this city, is starting the horses. Summaries:

INTRODUCE BUREAU OF EMPLOYMENT FOR HIGH SCHOOL GRADS

The establishment of a Bureau of Employment for High School graduates has been introduced through the efforts of John Beacham and Superintendent of Schools, C. A. Waltz, in Xenia high school. The purpose of the bureau is to help the high school pupil to secure a suitable position when he receives his diploma. At the present time there is a large call for professional workers, such as singers, violinists, pianists and readers.

That this proposed plan will be of large benefit to all high school students for, through the splendid courses afforded in the local high

schools, every pupil will have an equal chance for advancement, is the opinion of Superintendent Waltz. All persons interested in new bureau are asked to confer with Superintendent Waltz or Mr. Beacham.

Look Out for Rheumatism As Winter Approaches

So many cases of Rheumatism come from a tiny disease germ that infests the blood, that physicians are beginning to realize that this source of the disease is becoming quite prevalent. Of course a disease that has its source in the blood cannot be reached by local remedies applied to the surface. One remedy that has given splendid results in the treatment of Rheumatism is S.S.S., the fine old

blood remedy that has been sold by druggists for more than fifty years. S.S.S. acts by driving out of the blood the disease germ that causes Rheumatism, thus affording real relief.

Begin taking S.S.S. today and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address: Chief Medical Adviser, 151 Swift Laboratory, Atlanta, Ga.

THE UNIVERSAL CAR

The Ford Model T. One Ton Truck is in reality a necessity to the wide awake retail grocer, not only for the economic solution of the delivery problem, but for the bringing of goods from the docks or stations to his place of business, and for traveling the country and bringing in produce. For years the Ford One Ton Truck with its splendid manganese bronze, worm-drive, powerful Ford Model T. Motor, strong Vanadium steel frame, has been serving in every line of business activity, and we have yet to hear the first complaint as to rear axle trouble or motor trouble. It has the lowest purchase price on the market, and the cost for operating and maintaining is exceedingly small. In fact, the Ford One Ton Truck has become a business necessity. Leave your order with us without delay. We will give you prompt attention and assure you reasonably prompt delivery, and give you an after service that will insure your continuous operation of the Truck.

HENRY WAS "near."
IN OTHER words, tight.
HE CARRIED two packs.
OF CIGARETTES.
ONE FOR friend Henry.
FULL OF "Satisfys."
AND THE other containing.
JUST ONE cigarette.
AND THAT lone cigarette.
WAS ALWAYS offered.
TO SMOKELESS friends.
WHO WERE all polite.
AND REFUSED to take it.
AND SOMEHOW Henry.
WAS NOT popular.
TILL ONE day by mistake.
HE PULLED the full pack.
AND EVERYONE fell on it.
WITH LOUD cries of glee.
HIS STRONG constitution.
CARRIED HENRY through.
AND DAY by day.
HE GREW more popular.
AND HENRY knew why.
FOR HE'S nobody's dummy.
AND NOWADAYS he not only,
CARRIES THE cigarettes.
THAT SATISFY.
BUT FORCES 'em on people.
GIVES AWAY packs of 'em.
AND, SHUCKS.
HENRY COULD run for Mayor.
AND GET away with it now

GIVE your friends the real thing—introduce them to Chesterfields! Odds are they'll find just what you've found in this wonderful Turkish-Domestic blend—a smoke that by comparison seems way out of its price class—and is. "They Satisfy!"
